

Audit Trail Sample Output

Overview

The audit trail is stored in the MongoDB auditlogs collection. Each entry records an important user activity with the following fields:

Field	Type	Description
timestamp	Date	Date and time of the activity
username	String	Email of the user who performed the action
userRole	String	Role of the user (admin or passenger)
activity	String	Short label describing the action
details	String	Additional context about the action
changes	String	Shows additional information like the before and after.

Activities Tracked

Activity	Trigger
User Registration	A new user registers an account
User Login	A user logs in successfully
User Logout	A user logs out
Flight Created	An admin creates a new flight
Flight Updated	An admin modifies a flight
Flight Deleted	An admin deletes a flight
Reservation Created	A booking is confirmed (passenger or admin)
Reservation Cancelled	A reservation is cancelled
Reservation Updated	An admin updates reservation details
Reservation Deleted	An admin permanently deletes a reservation

Sample Audit Log Entries

Activity	Sample
User Registration	<pre>{ "_id": { "\$oid": "6a742ef1ad4a380360158d35" }, "username": "justinsy2005@gmail.com", "userRole": "passenger", "activity": "User Registration", "details": "New account created for Justin Loui D. Sy", "changes": [], "timestamp": { "\$date": "2026-08-06T06:51:29.800Z" }, "__v": 0 }</pre>
User Login	<pre>{ "_id": { "\$oid": "6a742f01ad4a380360158d36" }, "username": "justinsy2005@gmail.com", "userRole": "passenger", "activity": "User Login", "details": "User Justin Loui D. Sy logged in", "changes": [], "timestamp": { "\$date": "2026-08-06T06:51:45.914Z" }, "__v": 0 }</pre>
User Logout	<pre>{ "_id": { "\$oid": "6a742f0aad4a380360158d37" }, "username": "justinsy2005@gmail.com", "userRole": "passenger",</pre>

	<pre> "activity": "User Logout", "details": "User Justin Loui D. Sy logged out", "changes": [], "timestamp": { "\$date": "2026-08-06T06:51:54.280Z" }, "__v": 0 } </pre>
Flight Created	<pre> { "_id": { "\$oid": "6a7433d2728701912776ae88" }, "username": "admin@skyease.com", "userRole": "admin", "activity": "Flight Created", "details": "Flight NF123 created (MNL → SIN)", "changes": [], "timestamp": { "\$date": "2026-08-06T07:12:18.786Z" }, "__v": 0 } </pre>
Flight Updated	<pre> { "_id": { "\$oid": "6a7433e7728701912776ae89" }, "username": "admin@skyease.com", "userRole": "admin", "activity": "Flight Updated", "details": "Flight NF123 updated (3 fields changed)", "changes": [{ "field": "Departure", "oldValue": "Thu Aug 06 2026 03:00:00 GMT+0800 (Taiwan Standard Time)", "newValue": "2026-08-06T03:00", "_id": { </pre>

	<pre> "\$oid": "6a7433e7728701912776ae8a" } }, { "field": "Arrival", "oldValue": "Thu Aug 06 2026 05:00:00 GMT+0800 (Taiwan Standard Time)", "newValue": "2026-08-06T05:00", "_id": { "\$oid": "6a7433e7728701912776ae8b" } }, { "field": "Total Seats", "oldValue": "150", "newValue": "200", "_id": { "\$oid": "6a7433e7728701912776ae8c" } }], "timestamp": { "\$date": "2026-08-06T07:12:39.368Z" }, "__v": 0 } </pre>
Flight Deleted	<pre> { "_id": { "\$oid": "6a7433ea728701912776ae8d" }, "username": "admin@skyease.com", "userRole": "admin", "activity": "Flight Deleted", "details": "Flight NF123 deleted", "changes": [], "timestamp": { "\$date": "2026-08-06T07:12:42.985Z" }, "__v": 0 } </pre>

Reservation Created	<pre>{ "_id": { "\$oid": "6a743782d93e3777157f6bf0" }, "username": "syjustinloui@gmail.com", "userRole": "passenger", "activity": "Reservation Created", "details": "Reservation SKY-MSH71TMH-14MO34LUB1 booked for flight 5J501", "changes": [], "timestamp": { "\$date": "2026-08-06T07:28:02.888Z" }, "__v": 0 }</pre>
Reservation Cancelled	<pre>{ "_id": { "\$oid": "6a743790d93e3777157f6bf3" }, "username": "syjustinloui@gmail.com", "userRole": "passenger", "activity": "Reservation Cancelled", "details": "Reservation SKY-MSH71TMH-14MO34LUB1 cancelled", "changes": [], "timestamp": { "\$date": "2026-08-06T07:28:16.236Z" }, "__v": 0 }</pre>
Reservation Updated	<pre>{ "_id": { "\$oid": "6a743825d93e3777157f6c01" }, "username": "admin@skyease.com", "userRole": "admin", "activity": "Reservation Updated", }</pre>

	<pre> "details": "Reservation SKY-MSH71TMH-14MO34LUB1 updated (3 fields changed)", "changes": [{ "field": "Seats", "oldValue": "3B", "newValue": "2B", "_id": { "\$oid": "6a743825d93e3777157f6c02" } }, { "field": "Extra Services", "oldValue": "Baggage x2", "newValue": "Baggage x3", "_id": { "\$oid": "6a743825d93e3777157f6c03" } }, { "field": "Status", "oldValue": "Cancelled", "newValue": "Pending", "_id": { "\$oid": "6a743825d93e3777157f6c04" } }], "timestamp": { "\$date": "2026-08-06T07:30:45.597Z" }, "__v": 0 } </pre>

Admin Audit Log Viewer

Administrators can view all audit log entries at `/admin/audit-log`. The page displays a table sorted by most recent activity first, showing all fields listed above. The viewer is accessible only to authenticated users with the admin role. There is also a view details button to show the before and after changes made.
